

# WEDDING *cakes*

## TWO TIERS

### Prices Start From \$400

A two-tier cake serves couples who are hosting an intimate small gathering. This is a great option to start with and add on more miniature cakes if the couple prefers a dessert table over one large cake.

## FOUR TIERS

### Prices Start From \$850

A four tiered cake is the most attractive option for couples who want enough servings to feed their guests and a beautiful showstopping center piece to showcase at their reception.

## THREE TIERS

### Prices Start From \$650

Kelsie's most popular size options include three tiers of cake that can be stacked in various sizes for that beautiful tiered look without an over-abundance of servings. Most popular is the 6, 8 + 10" cake stack (feeding up to 125).

## TABLE TRIO

### Prices Start From \$850

Kelsie's Table Trio option is a beautiful way for couples to not only have enough servings for their guests but have three or more cakes with similar cake designs to fill out a dessert table for a more rustic look
